LOVE GOD. LOVE PEOPLE. CHANGE THE WORLD.

## REGATHERING FOUR PHASE PLAN

First Church Family,

Thank you for your patience and support during this unprecedented time. Through the work of our talented staff and with your help we have been able to stay connected and care for our community. If your experience is anything like mine, you may find yourself with many questions about the future and longing to be together in community.

I wanted to share our initial phased plan of reopening to keep you as informed as possible. This plan reflects the current guidelines from Bishop Ken Carter, state and local entities, medical experts, as well as the results from our church survey. Many of these details may shift and change as more up-to-date information becomes available. Our Pastoral staff and Executive Leadership Team have been prayerfully working through these measures to ensure the safety of all who are connected to First Church.

We encourage each of you to move forward as you feel comfortable; whether that is continuing to join us online or in person as we open back up. As we restart our on-campus experiences, we will be providing ways to register in advance to maintain our set capacities that allow for social distancing. Below you will find our current plan in four phases as well as some important dates coming up. We appreciate your flexibility and are excited to begin taking these steps towards gathering in person once again. We can't wait to see you!

*-Pastor Craig Hammond*
